**Subject:** Stash Your Trash--request to support recycling at Bennett High

Hey all,

Forgive that I'm not writing the entire Env Beaut Committee but I can't find an email with everyone's address on it!

I just talked with Hema Bhaskaran, ace Environmental Science teacher at Bennett High. She and her students have started a recycling program there! Very cool. The program is growing fast and she's sure it'd take off like wildfire if we could get her—

10 or 12 of the sporty green Stash Your Trash yard signs

~100 SYT Stickers.

Do we have enough yard signs left that I could take some over—

And could we order another batch of stickers? I just gave my last pile to Priscilla this morning.

Also, Hema really needs some of the recycling containers donated to the school. Who would we see about that—ask Jake Day directly, contact Tom Stevenson, ???

Thanks much—  
Bill
