**Subject:** Let's celebrate earth!! Clippers choose Love for earth Day

Good Afternoon!

## **CLIPPERS CHOOSE LOVE FOR EARTH DAY CAMPAIGN**

**April 18<sup>th</sup> to 22<sup>nd</sup>**

Students in Environmental Science classes will be organizing an environmental awareness campaign for Earth day. Students will be sharing some environmental problems and solutions to our student body through posters and morning announcements. Students will also be participating in a school wide clean up on Earth Day April 22<sup>nd</sup>. As a school wide Earth Day campaign we are asking students to participate in UNICEF's TAP PROJECT, where for every 5 minutes we go without using our cell phones, a child in need will get clean drinking water for a day. More information about the TAP PROJECT can be found at <https://tap.unicefusa.org/>. Please challenge your students to participate in the TAP PROJECT. Students will also be organizing a pledge drive during all lunch shifts challenging students to do something positive for the environment or participate in the TAP Project.

Please feel free to contact Hema Bhaskaran, Genise Fleming or Carrie Bell if you have any questions. I am also attaching the QR code and the website for the tap project. Please consider posting them in you classes.

Thank you!

Hema
